

DIGITAL MEDIA KIT

TECH AITM **MAGAZINE**

2026 EDITION

www.techaimag.com

THE PULSE OF AI INNOVATION

- Tech AI Magazine stands at the forefront of artificial intelligence journalism, delivering authoritative insights that bridge the gap between innovation and implementation of AI.
- We deliver incisive analysis of industry developments, breakthrough innovations, and strategic applications that drive the AI ecosystem.
- Tech AI Magazine provides in-depth coverage of the latest advancements, news, trends, and applications in artificial intelligence.
- Tech AI Magazine's global reach continues to grow across continents. Building on our existing offices in the US, India, and the Gulf, we're also expanding into Singapore to provide coverage of the APAC region

Tech AI Magazine - Global User Distribution

BY REGION

FAST TRACK OPTIONS

FAST-TRACK YOUR AI ANNOUNCEMENTS

Press & Product Pulse: Guaranteed Reach

Accelerate your announcements with high-speed, high-visibility distribution.

The Format: Product launches and milestones reimagined as "explainer" articles.

The Amplification: Includes a dedicated post to our **150k+ LinkedIn** followers.

Best For: PR teams requiring fast, guaranteed coverage for a technical audience.

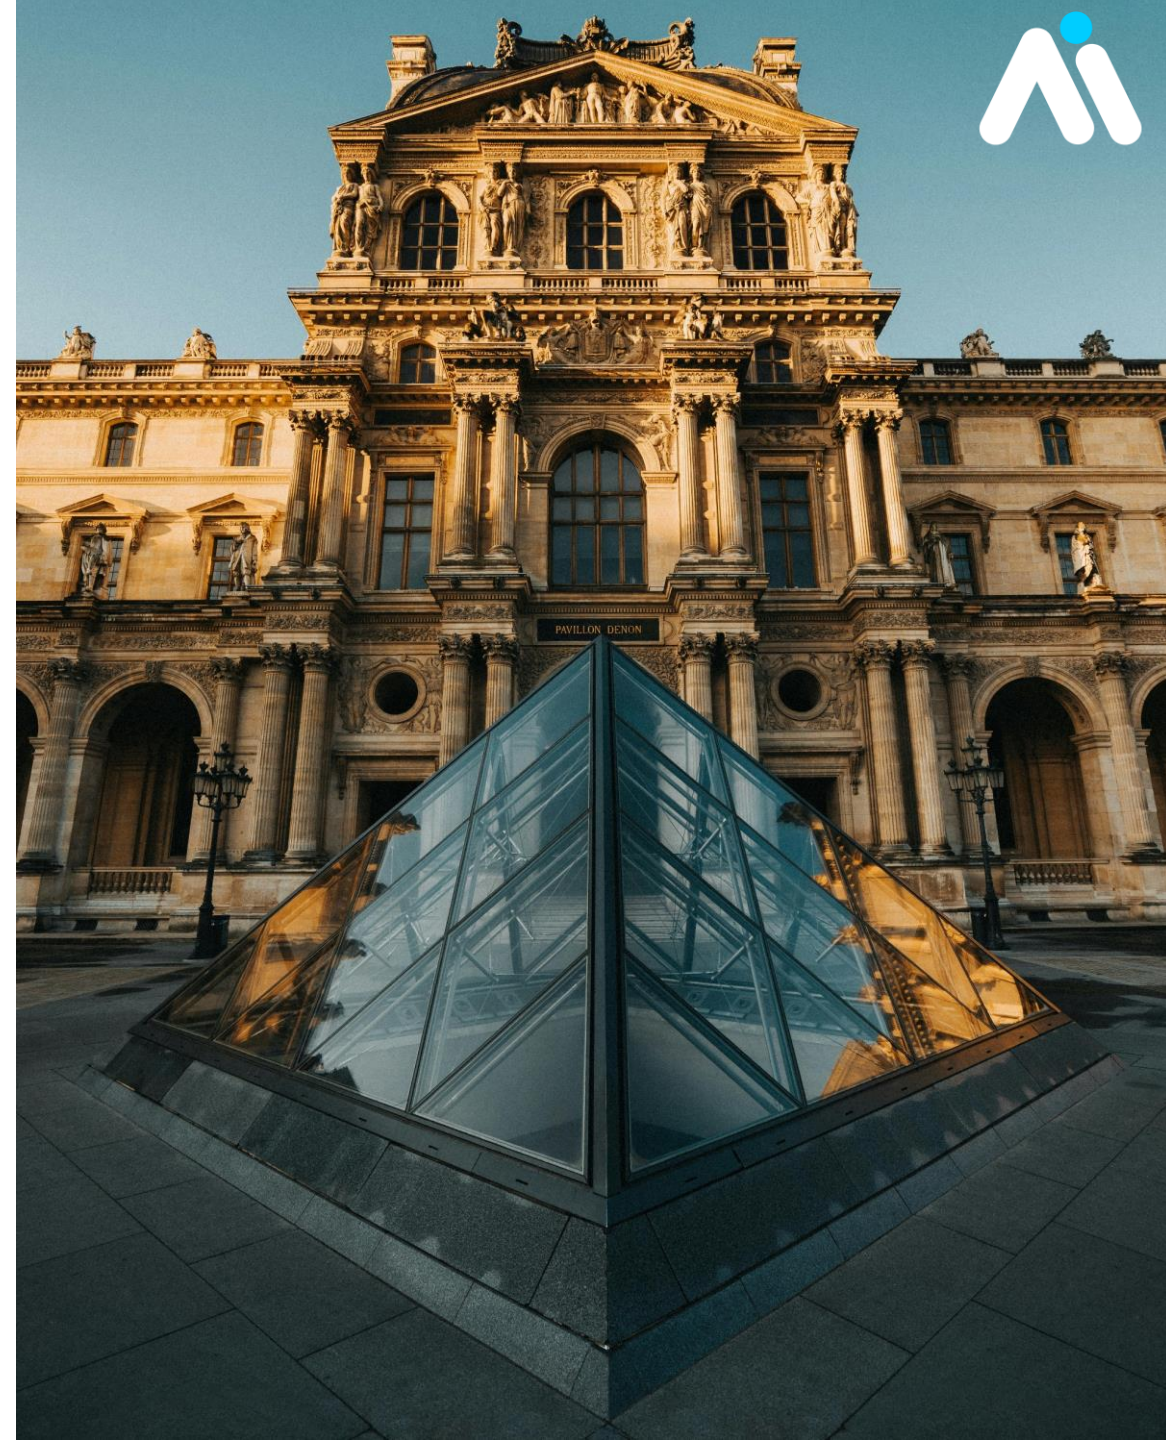

Thought Leadership: The Strategic Edge

Transform senior leaders into industry visionaries through high-level analysis.

The Format: Non-promotional deep dives into AI trends, risks, and frameworks.

The Impact: Positions your experts alongside the world's leading AI voices.

Best For: Executive playbooks, ethical AI frameworks, and decision-making guides.

BUILD AUTHORITY THROUGH LEADERSHIP STORIES

Executive Profiles: Building Personal Brands

Humanize your technology by spotlighting the people behind the innovation.

The Format: Bylined articles paired with a dedicated Spokesperson Profile.

The Impact: Establishes long-term authority and showcases organizational expertise.

Best For: Visionary founders and brands looking to own a specific niche in the AI space.

Strategic Interviews: Deep-Dive Narratives

Interactive storytelling that captures the "why" behind your AI strategy.

The Format: Q&A style features focusing on adoption, case studies, and real-world ROI.

The Momentum: Perfect for adding context to research releases or major partnerships.

Best For: Turning complex project outcomes into relatable, engaging success stories.

** Eligible only for AI based Start-up's or organizations involved in a new service or product*
